

Teun Martens

Android, iOS Developer & Aspiring Scrum Master

Enthusiastic developer eager to learn new things and undergo new challenges. I love working on projects that have real impact and are important to society. I like working with new technologies and experimenting with emerging practices. I can work efficiently in multifaceted teams with Dutch and English speaking colleagues.

Experience

IT-HELPDESK, JACOB-ROELANDSLYCEUM, BOXTEL – 2013-2016

When I was still in high school, I was asked to help at the school IT desk due to my knowledge and interest in computers, this is where my interest in technology grew. Because of this I eventually made the choice to go into the software industry.

INTERNSHIP IOS DEVELOPMENT ODDESSEY SOLUTIONS, EINDHOVEN - 2018-2019

At the start of this internship, I did not yet know what I wanted to do within the software industry. During this internship I found my passion for mobile development, and learned heaps about iOS development and working in a multifaceted team.

WEEKENDHELP DE WIT SCHIJNDEL - 2018-2020

Working at this camping store, I learned more about interacting with customers. Besides this, it was a good way to grow my social skills.

GRADUATION INTERNSHIP AUGMENTED REALITY, ICT-GROUP, EINDHOVEN– 2020-2021

During this internship I worked with technologies I did not have much experience in before, with the goal of broadening my experience in the software engineering field. This was a great internship where I learned about emerging technologies, and how interesting they can be.

ANDROID DEVELOPER, TURNN, NIEUWEGEIN– 2021-NOW

At Turnn I spent most of my time developing the Turnn MaaS Suite Android application. Gaining in-depth knowledge of the Android SDK. At times my tasks also consisted of research into frameworks, and other software solutions that could be of benefit. Besides this, planning out features and the way we would develop them has become a part of my duties as of lately.
